## New Player Rankings

### The Explanation of the New Rule

WADA League Rules have allowed 2 A's on a B team and 2 B's on a C team. This year we have expanded the ratings from 3 classes (a,b,c) to 5 classes (aa, a, bb, b, c) in order to distinguish the better A and B players because teams were taking advantage of the old rule by stacking teams with the better A and B players, thus making it more difficult for the lower level players to find teams to play on. This season you can have 2 A players or one AA player (counts as two) on a B Team or 2 B players or 1 BB on a C Team.

During 2015, WADA will incorporate a "hybrid" solution so that the current rules will still be used to determine player and team playing level (A,B,C). Alternatively, we will also allow a team to choose to be ranked using the "new" rule. Starting in 2016, Rule 15 & 25 will be re-written so that the new rule will replace the existing rules on how teams and players are ranked, specifically 15.D. will change so members are no longer classified at the same level as their highest level team.

#### Wondering where you were ranked?

The following pages list the current rankings that will be used for the Spring 2015 Season. The stats included are from Fall 2013 through the Winter 2015 season. Contact [director@wadadarts.org](mailto:director@wadadarts.org) if you have a question or are interested in the math.

#### Players receive a rating based on singles win-point (WP) percentage known as the Weighted Aggregate Rated Percentage (WARP)

- The wins and losses are rated so that Wins count more for the higher league (A3, B2, C1) and losses count more for the lower league (C3, B2, A1) for comparison
- The threshold for each WARP ranking is as follows: AA  $\geq$  8.3, A  $\geq$  6.7, BB  $\geq$  5.0, B  $>$  3.3, C  $<$  3.3
- All win-points and loss-points are totaled for a pre-determined number of seasons which will be referred to as the Rolling Average Cycle (RAC)
  - Current RAC includes 13 Fall, 14Win, 14SPR, 14FALL, and 15Win.
  - A RAC should not include more than the last 6 seasons as a MAX.
  - A player must play 7 games (21 points) in the RAC to get a WARP
- Anyone who plays A league during the RAC may not be ranked any lower than B.
- Anyone who plays B league as their highest level during the RAC may not be ranked any higher than A
- Anyone who plays C league as their highest level during the RAC may not be ranked any higher than BB

#### Team Roster Restrictions

- A Teams have no roster restrictions – anyone can play A.
- B teams will still be able to roster two A's on their team but now a AA player fills both A slots.
- C teams will still be able to roster two B's on their team but now a BB player fills both B slots.
- During the "hybrid" year WADA will determine if an additional restriction of how many BB players may be on a B team is needed.

*This list will be available for lookup on the web soon and I will be checking applications to make sure you are forming a legal team for the level you choose.*
