Cameras

I have had a few questions regarding camera setup, angle, view, etc. Here is an example of a clear view. If you have any further questions, please reach out to me. Please confirm that your opponent has a clear view before your match begins.

Format

Not everyone is playing the format as it is intended. The format is set this way to allow the home and away player to each start a set of 501 and Cricket.

Please, please, play your sets in the following order...

501 - Home player starts

Cricket - Away player starts

Cricket - Home player starts

501 - Away player starts

Etiquette as we play at home

As we are all playing at home, please be aware of a few things. First, there may be children around, so be mindful in what you say. If you need a break between sets, please let your opponent know. A lot of players like to have music playing in the background, but please try not to have the mic for your camera set up right next to the speaker for your music. Also, if there are others around while you are playing, please keep in mind that microphones pick up the conversation, and may be quite distracting to your opponent while they throw.
