### Rule Reminder

Just a reminder, you must wait until your name is in white on Dart Connect to throw your darts. If you throw before this happens, any dart thrown DOES NOT count.

### Score Corrections

We all occasionally mistype or miscount our scores, nobody is perfect. However, please do NOT press the control the match button while your opponent is shooting. Most of us have our tablets right next to our boards, and the sudden change on the display can be very distracting. Instead, I would recommend that once they have thrown their last dart (if the error isn't caught before they have thrown) let them know that you need to correct your score. At that point either your opponent can correct it for you, or you can take control of the match.

### Etiquette as we play at home

As we are all playing at home, please be aware of a few things. First, there may be children around, so be mindful in what you say. If you need a break between sets, please let your opponent know. When pulling your darts, it is a best practice to pull the darts that did not count in your turn first, this can allow a clearer view of the darts that count. If your dart is in the corner of a double or triple, it is a good idea to move it without pulling it from the board to make it more visible. A lot of players like to have music playing in the background, but please try not to have the mic for your camera set up right next to the speaker for your music. Also, if there are others around while you are playing, please keep in mind that microphones pick up the conversation, and may be quite distracting to your opponent while they throw. Lastly, if you inadvertently throw before it is your turn, please remember that you have forfeited the dart or darts that you have thrown.
