Notes going into Week 9

We are going into week 9, this is the last week for subs or to add a player to your roster for team league. For singles leagues, we have a lot of make-ups, please get them scheduled and let me know when they will be played.

Important Notes

Some issues have been brought to my attention, and need to be addressed. First, if you have technical difficulties (camera cuts out, internet drops, dart connect cuts out, etc) DO NOT throw a dart until this is resolved! Second, we all occasionally make errors in what is hit versus what is inputted into dart connect. You have until your next turn to correct that, however you should NOT add it/subtract it from your next turn. Inform your opponent and have it corrected BEFORE they enter their turn. The BEST way to keep this from happening is to double check what you hit versus what you entered BEFORE you press enter. Lastly, I know that playing at home you do not have to wait for your opponent to cross the oche to be able to throw your darts, BUT you MUST wait for your name to light up in white on dart connect before you throw. If you do not do this any dart thrown before your name lights up in white DOES NOT COUNT. We want to make sure that we are all having a good time, but we want to make sure we are doing it properly.

Etiquette as we play at home

As we are playing at home, please be aware of a few things. First, there may be children around, so be mindful in what you say. If you need a break between sets, please let your opponent know. A lot of players like to have music playing in the background, but please try not to have the mic for your camera set up right next to the speaker for your music. One last thing, it is helpful to check with your opponent before your match begins to ensure that they have a clear view of your board.

Etiquette as we play at establishments again

As we are starting to play in our sponsor bars once again, please make sure that you are following all state and local ordinances in relation to facemasks and social distancing. Also, please be aware that not all people are going to be comfortable with fistbumps, etc. I would recommend beginning your set and/or leg by simply saying "shoot well" and end with saying "good game", or something to that effect. Let's all stay safe.
